

## ***List of Places to Check for Weather-Related/Emergency Closings***

---

The list below includes **all** the locations to check for Collegium's weather-related closings, late openings or early closings. We do not contact any other radio/TV stations or websites. **The most accurate, up-to-date and specific information can be found by visiting our website or calling the school.** Remember, decisions may be updated and changed if the weather dictates. **checking your information source a second time** is always a good idea!

1. Collegium's website - [www.collegium-charter.org](http://www.collegium-charter.org). Please keep in mind that this option may not work if there is a power failure at CCS.
2. Call CCS at (610) 903-1300, press 1 (emergency closing information) to hear any schedule changes due to weather or emergency circumstances. Please keep in mind that this option may not work if there is a power failure at CCS. Also, we have a limited number of phone lines in our system. When hundreds of families are trying to call at the same time, the phone system does not have the capacity to answer all calls and callers will just hear the phone ring. If you can't get through, check another source.
3. Radio station . KYW 1060am and [www.kyw1060.com](http://www.kyw1060.com) (#892)
4. TV stations and their websites . KYW Channel 3, WPVI Channel 6 and WCAU Channel 10

As our students rely on transportation from a variety of school districts, **CCS does not follow the decision of any one school district.** Rather, a CCS-specific decision must be made after consultation with several school districts. **Most districts do not make their initial decisions until 5:30-5:45am.** Upon receipt of that information, CCS evaluates the districts' decisions and makes the best decision for all of the students of CCS. Our decisions are typically announced by 6:00am, but occasionally we must delay our decision until we hear from a school district.

When Collegium is open, but other districts have weather related schedule changes, please listen/watch for your home school district's schedule change. **The home district's schedule change will determine your bus schedule.** There may be occasions when CCS opens on time, but your home school district is opening late. When this occurs, you may bring your child to CCS for your child's start time or your child may ride the bus and arrive at CCS at a delayed time.

There may also be times when CCS has a delayed opening, but your home school district does not. Please do not bring your children to school prior to CCS's delayed opening or permit them to ride the bus (at the regular time) . as school will not be open to receive students at our regularly scheduled opening time.
